

GASPE REPORT: DAVE FULTHORPE

I would be glad to discuss Atlantic Salmon fishing in Gaspé with you! I've been to the Gaspé area twice. Ann, my and your outfitter, is a knowledgeable, wonderful person and she knows the Gaspé Rivers very, very well. She has hard working guides who are fun to fish with, most of whom were born and raised in the region. The sight fishing is unbelievable, but it's not easy. I did get a 14 lb. hen on a Bomber, I'll be back.

Thanks,
Dave Fulthorpe
