

CORPORATE GATHERING ITINERARY IDEAS

After everyone is checked in:

Welcome and purpose of the gathering at this particular lodge.

Everyone introduce themselves and mention their fly fishing experience (or lack of). Keep it light and create a fun atmosphere.

Introduction to Fly Fishing:

- a. Instruction from the guides
- b. Casting lessons
- c. Time on the water (if arrival day allows time and its not too late)

After dinner – explain what will happen tomorrow and the subsequent days. Also, if the budget allows, you may have some fun by introducing the many prizes and awards that are going to be available over the next few days. Awards can be made for accomplishments such as:

First fish caught on a fly (for those who've never fly fished)

Biggest fish caught each day

Smallest fish caught each day

Most fish caught each day (define "caught")

Etc, etc – we could think of many reasons to give away awards, all with the idea of creating a fun and spirited atmosphere. You could also think of ways to work in certain business related recognition.

Each morning - the day begins with instruction or casting lessons. However, this is meant to be a short session as the bulk of the instruction will be on the water while fishing.

Each night after dinner - have an awards ceremony – this can be as extensive as you want to make it.
