

## CHILEAN ANDES REPORT - RUSSELL SCHRECK

We had an outstanding trip in the Chilean Andes. Everything from the food and accommodations to the guides and overall service attitude was exemplary. We caught a combination of rainbows and browns, mostly on the surface, with many fish over 20 inches and at least 6 over 24" with a 27" brown the largest. One highlight of the trip was an overnight float trip through the Andes, spending the night in a riverside cabin. We didn't see another angler all week, except for those with us at the lodge. It certainly had a remote feeling to the entire trip.
